HELP ME CELEBRATE KIDS HELPING KIDS WITH TRICK OR TREAT FOR UNICEF!

A local driven initiative to raise \$2000

WHY SUPPORT TRICK-OR-TREAT FOR UNICEF:

For more than 60 years, Trick-or-Treat for UNICEF has been making a difference in children's lives all over the world. In 1950, children across America were inspired to collect coins for UNICEF to aid children abroad enduring the after-effects of World War II.

It was not just a charity effort—it was a call to end the needless suffering of their more vulnerable peers around the globe. Since then, for generations of Americans, Trick-or-Treat for UNICEF has been a powerful way to make a difference in the lives of the world's children.

Today, that mission is as urgent as ever.

HOW YOU CAN HELP:

Before anything unimaginable can become real, there must be a believer. Someone who believes with unwavering determination. Someone whose conviction is so powerful that other

people start to believe, too — more and more, until finally a seemingly impossible idea becomes possible.

An idea like BELIEVE IN ZERO. Zero starving children. Zero exploited children. Zero children denied an education. Zero children deprived of clean water or medicines.

By Trick-or-Treating for UNICEF, I am helping make ZERO possible.

Your support will help get children the health care, clean water, nutrition, education, emergency relief, and more that they need to survive, and thrive.

How to DOnate:

Make a donation to UNICEF through the link below, or the webpage

<http://inside.unicefusa.org/goto/GulfBreezeNavarre> for \$10, \$25, \$60 or any other amount. It takes seconds to make a donation. Since it's so easy to make an impact, I hope you'll support me in this important cause!

Make a Donation of \$10 by texting "TOT" to 864233

Coinstar Centers®: Kids can empty the coins they receive from the collection boxes into a participating Coinstar Center located in more than 12,000 retail locations across the U.S. To designate UNICEF as the recipient of the change, select UNICEF from the option screen or enter code 5555. The Coinstar Center will count the change and provide a receipt. Go to coinstar.com for more information.

Donations can also be made online at on this page or at trickortreatforunicef.org by credit card, check, or money order. Please do not send cash or coins. Make checks and money orders payable to the "U.S. Fund for UNICEF" and send them to:

DON'T GET TRICKED WHEN BUYING HALLOWEEN TREATS

Looking to buy or rent a fun Halloween costume this season? You're not alone.

According to the National Retail Federation, a record 170 million Americans will spend close to \$8 billion on candy, pumpkins, decorations and costumes – both for them and for their pets. Canadians will spend even more...about \$75 per person (most of it on costumes). It's a holiday we love, and retailers respond to that with specialty stores that set up shop in October and are gone the minute Halloween is over.

When shopping at seasonal, temporary Halloween stores, and especially last-minute, it's important to exercise caution. Your BBB encourages shoppers to know the red flags and read the fine print to avoid fly-by-night costume vendors. Even if the store has a returns policy, you should go in with the assumption that whatever you buy is yours to keep, no matter what. Here are some BBB tips to make sure your Halloween is "spooktacular" fun:

- **Do your research.** Many seasonal stores are run by reputable retailers who take advantage of short-term leases on vacant space to set up temporary stores to augment their permanent space, but other shops may be in and out in a matter of weeks. While it is always good to check out a shop's BBB Business Review at www.bbb.org, some seasonal businesses change their name from one year to the next as a way of disguising a poor track record. Ask around and know with whom you're doing business before getting "tricked."
- **Read the fine print.** Just because it's a seasonal store doesn't mean that the store or the business backing it up doesn't have the same responsibilities as a year-round operation. Make sure to note the store's refund and return policies to get a feel for all of the terms and conditions – they have to be made available.
- **Know what to expect before renting a costume.** Rental costumes tend to be sturdier and more elaborate than the average Halloween costume, and you can often find something unique. Make sure you understand your responsibilities. What happens if, for example, the costume rips, you get a stain on it, or you lose it altogether? Do you have to pay for the whole costume? What about the cleaning? Make sure everything is spelled out in the rental agreement.
- **When purchasing costumes online, do it securely.** Check a site's security settings. If the site is secure, its URL (web address) should start with "<https://>." You also may see a small picture of a closed lock in the lower right corner of the screen.

For additional information and advice you can trust, start with bbb.org

MILTON LOCAL

Click on, <http://miltonlocal.com> something new and exciting . Keep up with what is happening in MILTON. The last few years our local media has cut back on covering our area and there is a lot going on citizens need to know, so the city has developed a media source of its own. I am excited because so much is changing and much progress is being made in our community that our citizens need to know about. With the cooperation of Santa Rosa Medical Center, Whiting Field and Milton High School we are launching this new source of information. The city has so much coming up along with those partnering with us. This is a good way to keep you in the know. I want your input as we move forward as to how we can improve our message. As of the 2010 census, Milton, FL. was the 17th fastest growing city in the state of Florida. No media ever covered that important fact. We want to keep all the information positive and productive for our citizens. I encourage Churches, Civic organizations and our schools to join with us in providing information on important happenings they are involved with so we can keep providing positive, productive information to the public. Help spread the word that "Milton Local" is good source of information to keep up with what is happening in our GREAT community!

Getting Ahead Facilitator Training

November 30, 2012 Pensacola, FL

Stay for an extra day to learn how to set up and facilitate a Getting Ahead in a Just-Gettin'-By World group in your community

Working in a group with a facilitator (you), people who use this workbook will develop a series of mental models to examine their own lives and create new future stories. In 15-20 sessions, participants explore the impact that poverty has had on them, investigate economic realities, complete a self-assessment of their own resources and make plans to build them, and develop a mental model of community prosperity.

Understanding the hidden rules of the middle class and wealth, and choosing to use them, can open doors to new relationships, new jobs, and higher resources. Getting Ahead facilitates a process for people from poverty to investigate the impact that poverty has had on themselves and their community and to use this information to build resources for a better life and community.

FLU SHOTS NOW AVAILABLE AT SANTA ROSA COUNTY HEALTH DEPARTMENT

Milton, FL - The Santa Rosa County Health Department now has seasonal flu vaccine available for all adults and children over four years of age for a fee of \$20.00. Medicare will cover the

cost of the vaccine for those who are eligible. The vaccine is also offered free of charge for children ages six months to 18 years through the Vaccines for Children Program. However, quantities of the free vaccine are limited, so parents should call the health department's immunization clinic at 850-983-5200 for information on vaccine availability.

"The flu shot is recommended for everyone six months and older and it's one of the best things people can do to help protect themselves and their families from the flu," said Theresa Fretwell, LPN, immunization nurse with the Santa Rosa County Health Department. "It's safe, and you won't get sick by taking the flu shot, because it doesn't contain live flu virus."

Other ways to reduce the risk of getting or spreading the flu include:

- Washing hands frequently using soap and warm water. Use an alcohol based hand sanitizer if soap and water are not available.
- Cover coughs and sneezes with a disposable tissue, and discard the tissue after use, or cough or sneeze into a sleeve.
- Stay home with a cough, fever or other flu like symptoms, and until symptom free without the use of fever reducing medication for 24-48 hours.

Seasonal flu shots are available at the health department's three clinic locations in Milton, Midway, and Jay. For clinic hours, visit the Santa Rosa County Health Department website at: www.healthysantarosa.com or call 850-983-5200.

NOAA ISSUES WINTER OUTLOOK FOR 2012-2013

Wavering El Nino conditions lead to less certain outlook than in previous years.

- El Nino conditions forecast to develop by now have instead, settled into a neutral phase.

The 2012 U.S. Winter outlook favors:

- Warmer-than-average conditions across much of Texas, the Central and Northern Plains, the Desert Southwest, Northern Rockies, and Pacific Northwest, as well as the northern two-thirds of Alaska.
- Cooler-than-average conditions are expected in Hawaii, and most of Florida, excluding the Panhandle.
- Drier-than-average conditions are expected in Hawaii, the Pacific Northwest, Northern California, Idaho, Montana, portions of Wyoming, Utah, and most of Nevada.
- Drier-than-average conditions are also expected in the Upper Midwest.
- Wetter-than-average conditions are expected along the Gulf Coast.

The rest of the country receives equal chances of having above, below, or normal conditions during the winter months for temperature and precipitation.
